SEARCH ENGINE OPTIMIZATION

Shine brighter than your competitors.

When customers search online, are they finding you or your competitors? If search engines don't know you exist, you are invisible. Ranking higher in search results helps customers find you, driving more customers to your website.

LIST OPTIMIZATION

Get listed. Get found. Get customers.

Are you losing customers due to incorrect contact info? Get more customers by increasing your online credibility by maintaining up-to-date, consistent and visible business information across top search engines and directories.

LOCAL PROFILES

Be where your customers are.

You should be the master of your local listing! When you are listed locally, it is easier for customers to find and choose your business. Claim, verify and upgrade your business pages to stand out to customers in your area.

SEARCH ENGINE MARKETING

Shine in the right places.

Go from outdated to updated - search engines are the new yellowpages. Search engine marketing drives the right customers to your business and turns searches into revenue.

ONTARGET - DISPLAY ADVERTISING

Shine a spotlight on your business.

Spend your advertising dollars where they count the most. Display advertising helps place your business in front of consumers where they spend most of their time: the web.

RETARGETING

Regain lost customers.

Don't miss out on lost business. Today's customers take time to research and reflect before making a purchase. Now you can keep in touch and stay relevant to your customers throughout their buying decision.

DIRECT EMAIL

Reach the right people at the right time.

Build your email marketing campaigns and expand your customer base! Using your most current data ensures your campaigns reach active and high-quality leads. Direct Email will help to micro-target your audience and provide you with real-time email metrics.

SOCIAL MEDIA OPTIMIZATION

How many places do you shine?

Social media is the new word-of-mouth. It's no coincidence that businesses who engage their customers via social media grow faster than those who don't. Now it's easy to keep your loyal customers updated and gain new ones.

REPUTATION MONITORING

Know what your customers are saying about you.

Don't let bad reviews shut you down. Everyone has an opinion and the Internet provides the megaphone. With 70% of consumers trusting online reviews, you can't afford to ignore what's being said online.
